

Youth Center SPECIAL PROGRAMS

ARTS AND CRAFTS

Each of the After School Youth Centers offer Arts and Crafts. We have special projects where we can create and give back to our community, make holiday gifts for your family, or special decorations for your room. Come over and check it out this year.

BOYS TO MEN & GUY TIME

We are excited to bring back this popular program for the guys! With a trained facilitator taking the lead; this program will give them the opportunity to talk about issues they are concerned about, join in on some community projects and take an active role in leadership. We will have separate sessions for 5th/6th graders and 7th/8th graders.

Girl Power

Girl Power is our girls' only programs and runs throughout the year at the Costick Center. During these sessions, the youth can talk about issues that concern them in a friendly safe environment with a trained group facilitator. Members will also participate in a community services project of the groups' choice. We have overnight retreats with a campfire, hayride and hiking. We will have separate sessions for 5th/6th graders and 7th/8th grade Youth Members every Tuesday.

Youth Center SPECIAL PROGRAMS

OUTDOOR EDUCATION PROGRAM

This program offers natural outdoor experiences to our youth that will help them develop into healthier individuals by experiencing a variety of outdoor activities. We will use ALL of our senses; learn survival skills, outdoor navigation, create a shelter using materials around you, recognizing edible plants, and study the rivers that surround our schools and homes.

SNOWSHOEING FUN!

YOUTH CENTER SPECIAL FIELD TRIPS

Throughout the summer and the school year look for special parties and dances happening at the Youth Centers. Check with a site supervisor at your center for more information and ticket prices. Field trips and additional special programs are planned with the help of Youth Center members. Times, dates, and costs, if any, are announced one month prior to each event.
