

# PREPAID FIGURE SKATING SWIPE CARD

Farmington Hills Ice Arena will continue using the prepaid swipe cards for the Fall/Winter figure skating sessions. This system will allow you to receive the prepaid rates as well as the flexibility of selecting which sessions you attend during the 41 week fall session.

In order to participate and receive the prepaid benefits and rates, you must make a minimum purchase of \$328 (Farmington Hills Resident) or \$369 (Non-Resident). This is the equivalent of one (1) 50 minute session per week for 41 weeks. Any combination of 50 and 30 minutes sessions may be purchased, provided the total meets the minimum dollar amount. Additional sessions may be purchased at the prepaid rate as needed.

Please remember that our swipe card system does not deduct dollar amounts, but rather visits. This will require you to decide whether you will attend hour sessions, ½ hour sessions, or some combination of both. Many of you will know exactly what your plans are, while others may have a general idea. We will allow reasonable adjustments to your original application at no additional charge.

The \$328/\$369 fee may be paid in full with your original application or you may split the payments in two. If you choose to split the payments, the first half will be due no later than August 29, 2011. The second half will be due no later than December 2, 2011. If you split your payment, only the visits actually paid for, will be available on the card. ***No additional invoices or reminders will be sent.***

Please note that by registering for the Prepaid Swipe Card and its reduced rates, you agree to the minimum requirement for the 41 week session. This minimum is non-negotiable and is required to receive the discounted prepaid rates. **Once a skater has skated the minimum requirement they may carry over a maximum of 5 sessions (with a choice of a 30 min or 50 minute card) into the next registration. i.e. Summer to fall or fall into summer.**

***Visits may be added as needed once the minimum requirement has been made. Please keep in mind that visits added after the original application process will not be available on your card for up to one week. If visits are not available on your card at the time you are skating, they will not be deducted at a later date. You will be required to pay the drop-in rate for that session.***

In addition to this prepaid option, you will still have the ability to Drop-in and pay the drop-in rates during the 41 week session.
