## New Drive-Up Box Provides Convenient Way to Drop Off Tax Payments and Election Material

Is paying taxes or dropping off an absentee ballot on your list of errands? Then things just got easier at the City of Farmington Hills - you no longer need to get out of your car!

The City has just installed a new drive-up drop box next to the federal post office boxes in front of Police Headquarters at 31655 Eleven Mile Road, right next door to City Hall.

The convenient drop box may be used for depositing tax payments and election material only. But if you prefer to get your exercise and walk up to City Hall, the drop box/slot located on the wall at the south entrance of the building may also still be used for these purposes.

If you have questions about paying your taxes, please call the City Treasurer's Office at 248-871-2480. If you have questions about absentee ballots, please call the City Clerk's Office at 248-871-2410.
